MACHINERY FOR GLASS PRODUCTION

GLAMACO Engineering GmbH is a member of JSJ-Group.

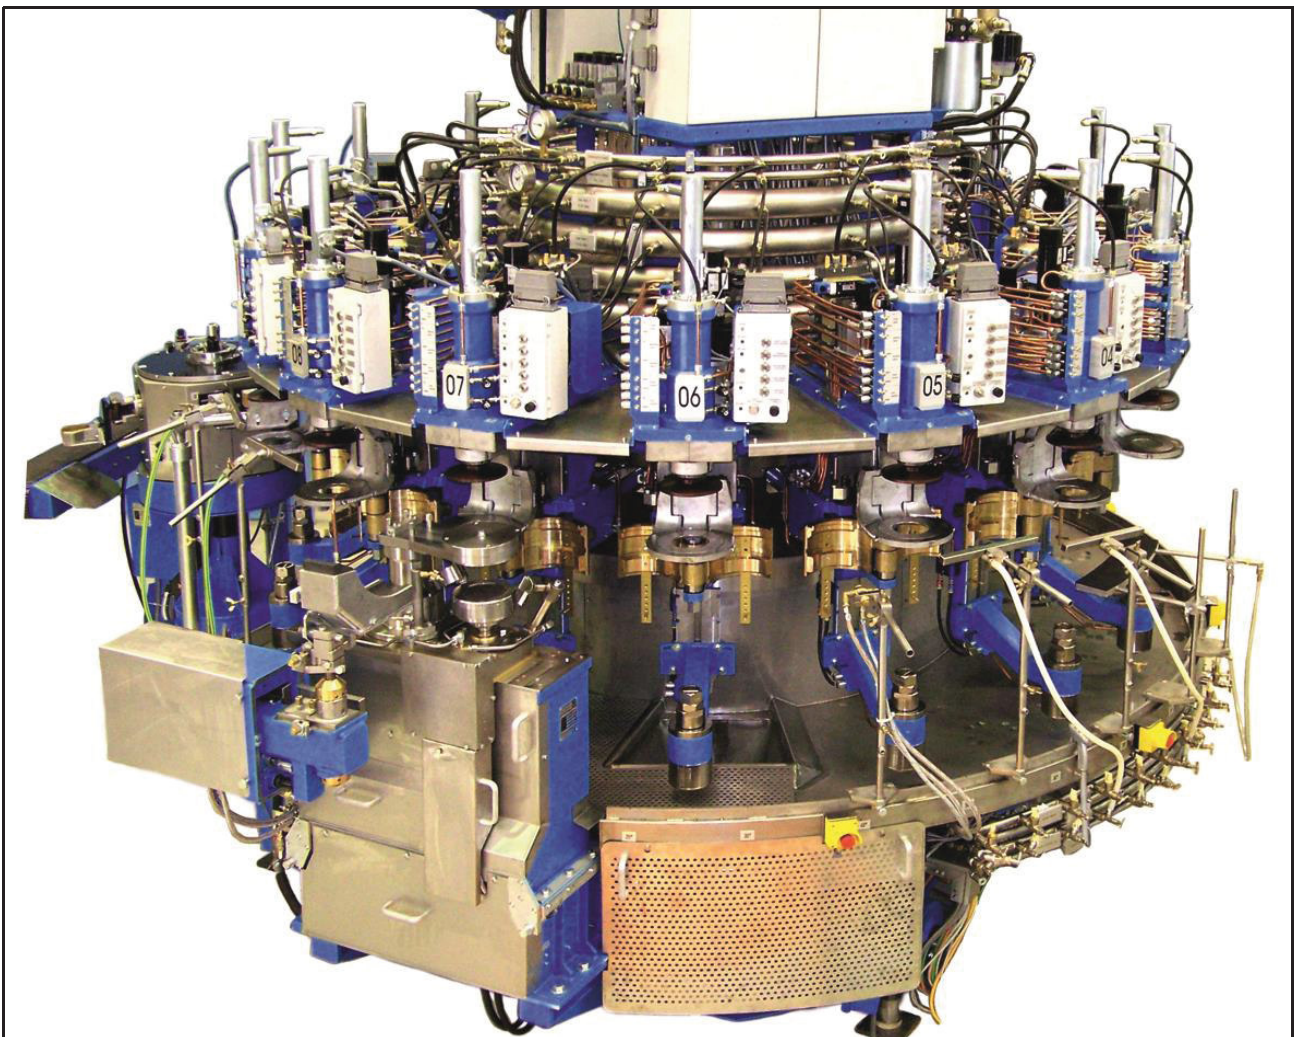

For more than 50 years GLAMACO manufactures special machinery with different requirements for the glass industry.

With qualified partners GLAMACO has the ability to build complete production plants and production lines for glass including commissioning and perfect after sales services.

GLAMACO offers all machines and components from one single source. Our customers will always get the perfect service along with the delivered equipment.

CHEMICAL STRENGTHENING

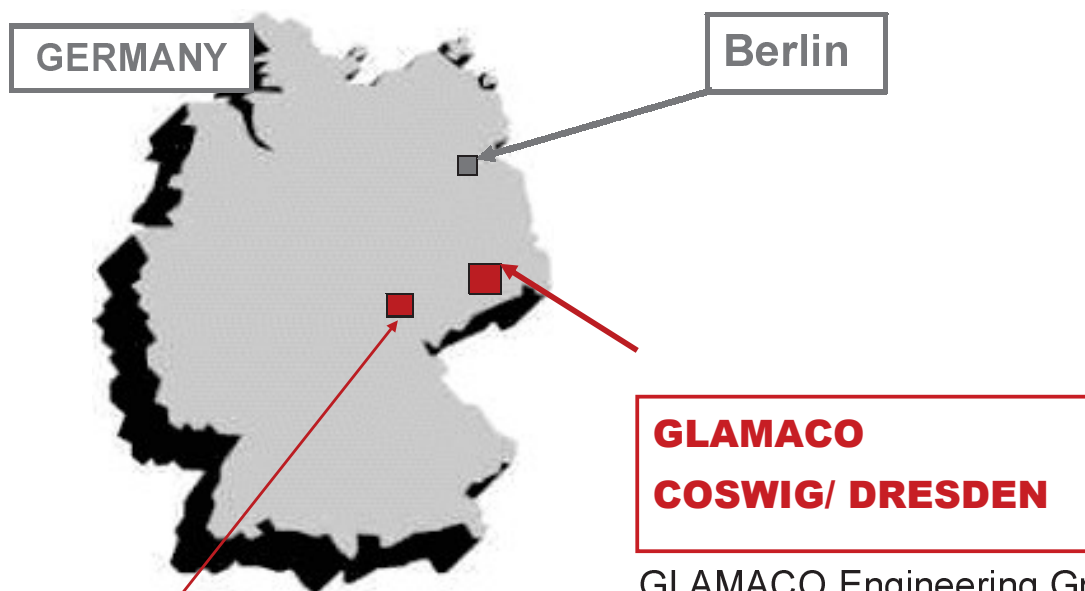

BLOWING MACHINE RBM 16
